

V-BELTS AND PULLEYS

PPE KITS AND WASTE BAGS

V-belts and pulleys

In addition to air filters, we also supply a complete range of V-belts, pulleys, and taper bushes. You can order virtually any type of V-belt and pulley with the corresponding taper bushes from us. On request, these items can be packaged together with the filters you have ordered.

PPE kits and waste bags

Om de gezondheid van de monteur zoveel mogelijk te To protect the technician's health as much as possible during filter replacement, gloves, dust masks, and plastic waste bags for disposing of contaminated filters are indispensable. We offer PPE kits at a small fee, consisting of a pair of gloves, a dust mask, and a plastic waste bag. Ordered basic PPE kits and/or additional waste bags can be included in the packaging of the ordered filters upon request, ensuring a set is always available on-site when filters are replaced. For more information about our PPE kits, V-belts, and pulleys, please contact one of our advisors.
