

BAG FILTER HIGHFLOW FELT

Feature: Extra large surface

APPLICATIONS

- Automotive industry, sugar production, paints and coatings, wastewater treatment, pharmaceutical industry, food industry, drinking water, beer, wine, edible oils, solvents, oil and gas extraction.

FEATURE

- Medium: polypropylene needle felt, polyester needle felt, polypropylene extended life needle felt and polyester extend life needle felt.
- High capacity, so smaller and cheaper filter housings can be used.
- Up to 5x longer lifespan compared to standard pockets.
- Interchangeable in existing filter housings.
- Lower pressure drop resulting in a lower energy consumption by the pumps.
