

18x14 Fiberglass Pool & Patio

18x14 Pool & Patio Screen is a heavy-duty fiberglass mesh designed for outdoor enclosures that face wind, weather, and insects. As the traditional choice for pool cages and patio screens, it offers the perfect balance of strength, durability, and ventilation.

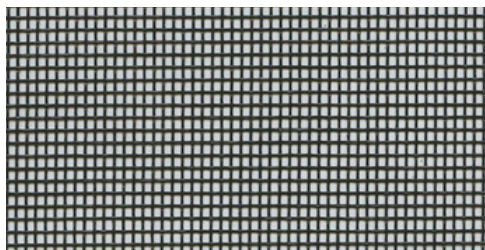

With its reinforced weave, it resists windblown debris, keeps out most insects, and allows cool breezes to flow through, making it ideal for exposed areas in need of reliable protection and comfort.
