

# Aluminium Screen

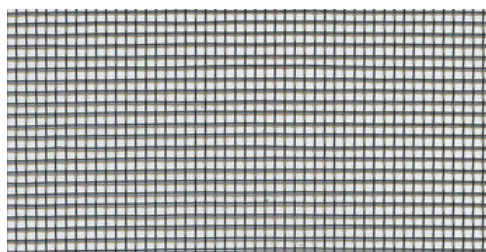

Aluminum Screen is a durable, versatile insect screen that blends strength, functionality, and a clean aesthetic. Ideal for windows, doors, and screened-in porches, it provides excellent insect protection while maintaining clear airflow and outward visibility. Made from corrosion-resistant aluminum, it withstands harsh weather and daily use without sagging, ensuring long-term reliability. Black and Charcoal options feature a premium electrodeposition coating for enhanced durability and weather resistance, with reduced glare to improve view-through clarity. Available in a range of colors, easy to clean, and made in the USA. Aluminum Screen offers the perfect balance of performance and appearance.

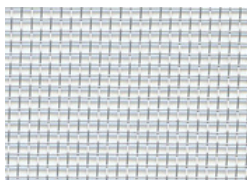

## Specifications
