

SunTex 95/97/99

SunTex® 95/97/99 is a lightweight, high-performance exterior shading fabric engineered for roller shades, outdoor blinds, and privacy screens. Made from vinyl-coated polyester in a tight basketweave, it blocks 95–99% of the sun's heat and glare while maintaining a sleek, modern appearance.

With an openness factor of 1–5%, it provides enhanced daytime privacy, effective UV protection, and contributes to energy savings by minimizing solar heat gain. Resistant to pets, mildew, and fading, SunTex 95/97/99 is ideal for DIY or professional outdoor shading applications that demand both durability and design.

Specifications

Colors	Black, Carbon, Dark Bronze, Mocha, Chestnut, Alpaca, Sand, Stucco, White Grey, White	Mesh (weft x fill)	20 x 30
		Yarn ø	0,33 mm
		Openness factor	Approximately 5%, 3%, 1%
Widths	320 cm <i>Other widths on request</i>	UV blockage	Approximately 95%, 97%, 99%
		Aperture	± 0.86 mm x 0.45 mm
Roll length	27,5 m <i>Other lengths on request</i>	Weight	512 g/m², 543 g/m², 580 g/m²
		Fabric Thickness	0,737 mm, 0,762 mm, 0,736 mm
Packaging	Individually wrapped in protective plastic & all have 5.4 cm brown kraft cores	Flame resistance	10 sec. max.
		Product composition	72% Vinyl / 28% Polyester

Black Dark bronze Carbon Mocha Chestnut Alpaca Sand Stucco White/Grey White
